App Concept

Legal consultation as easy as an online doctor consultation

LegalEase

LegalEase brings an online service experience to the legal field.
The flow is simple: find an expert, consult, finish your documents, and get follow-up, without ever having to visit a notary office.

What you can do with LegalEase

- **Live chat with a notary**
- **Video consultation**
- **Legal document templates**
- **Legal guides & checklists**
- **Follow-up service**

Value Proposition

Instant access

Connect to licensed notaries anytime from your phone.

Save time & cost

No queues and no trips to the notary office.

All-in-one legal solution

Consultation, documents, and business services in one place.

Secure & confidential

User data and conversations are kept confidential.

Who we serve

- **Startup founders**
- **SMEs & growing businesses**
- **Investors & shareholders**

User Flow

From opening the app to completed documents and follow-up

LegalEase

1
Sign in
Sign up or log in, then choose an account type: personal or business.

2
Choose a service
Notary consultation, document templates, guides, or business services.

3
Choose a notary
View licensed notary & PPAT profiles, specialties, and session rates.

4
Pay
Pay through a payment gateway: bank transfer, e-wallet, QRIS, or card.

5
Consult
Live chat or video call with a notary, with secure and confidential data.

6
Documents & follow-up
Receive documents and checklists, then get follow-up reminders.

User side

Find notaries, consult, buy templates, follow checklists, and track document status.

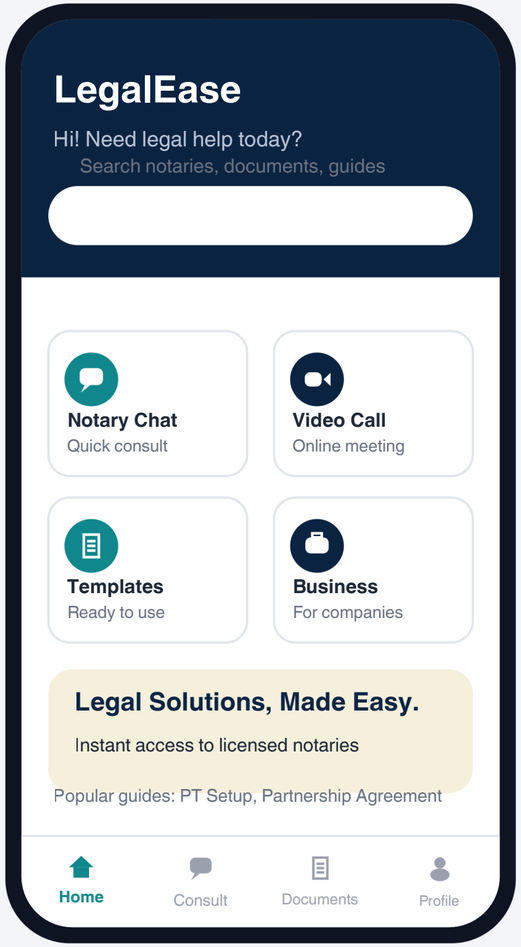

Partner notary side

Receive consultation requests, manage availability, send documents, and view session earnings.

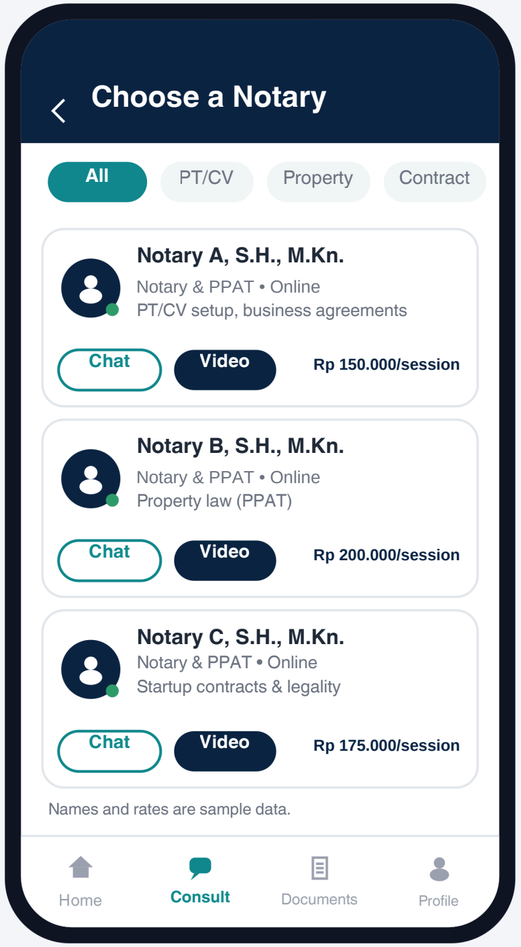

Admin side

Manage educational content, document templates, partner notaries, plus fees and payments.

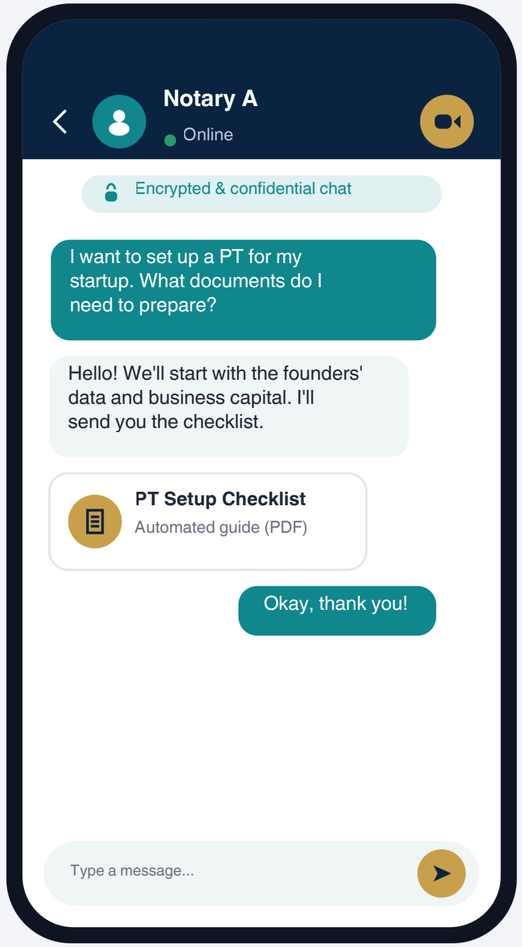

Prototype Screens (1/2)

1 Home

2 Choose a Notary

3 Consultation Room

Screen Highlights

Home

Instant access to notaries and four main services, all on one screen.

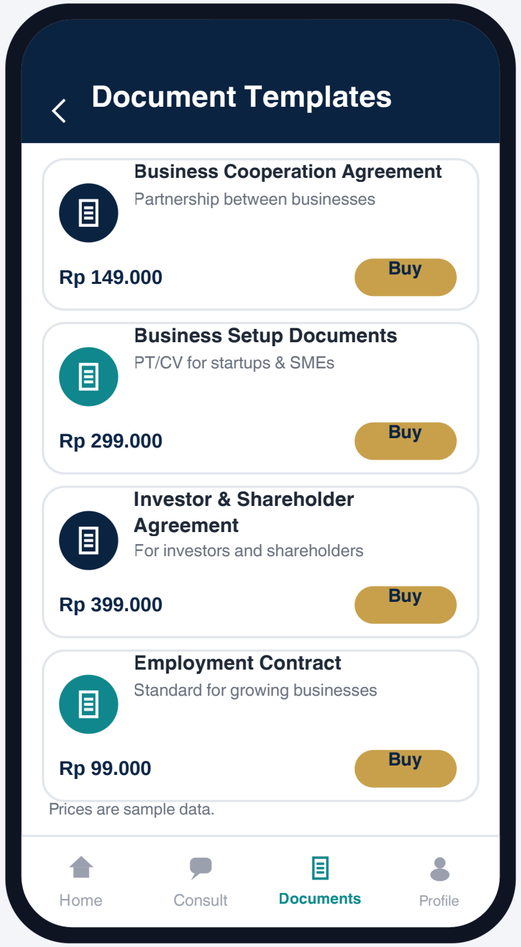

Choose a Notary

Licensed notaries & PPAT with specialties and per-session consultation rates.

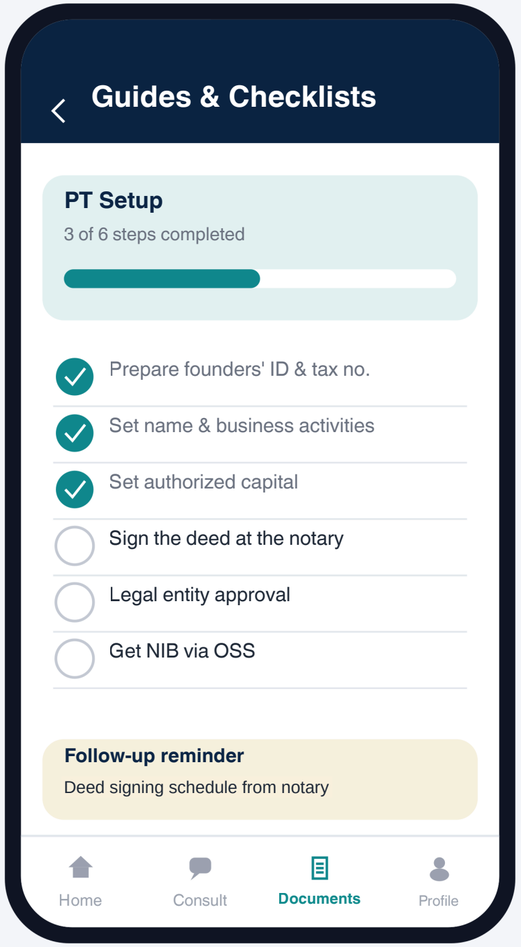

Consultation Room

Live chat and video consultation with secure and confidential data, plus automatic checklist delivery.

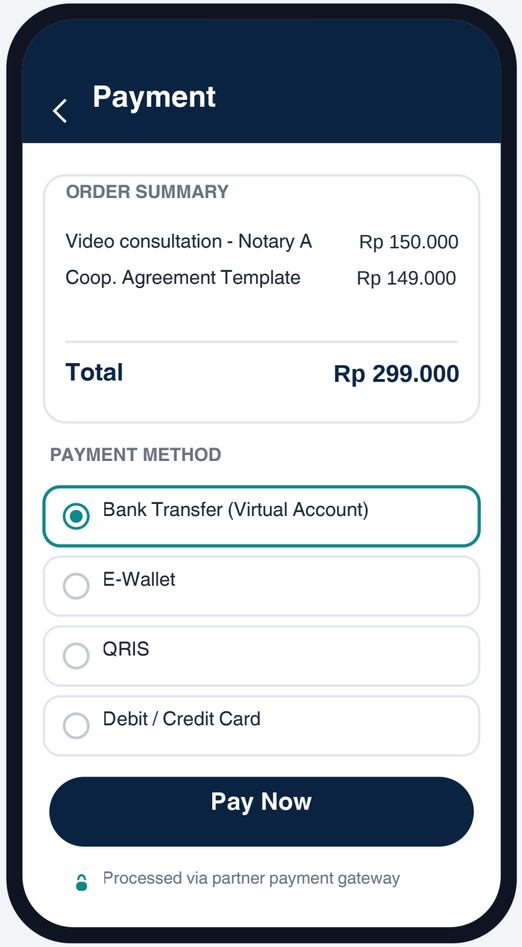

Prototype Screens (2/2)

4 Document Templates

5 Guides & Checklists

6 Payment

Screen Highlights

Document Templates

Ready-to-use legal templates for startups and growing businesses.

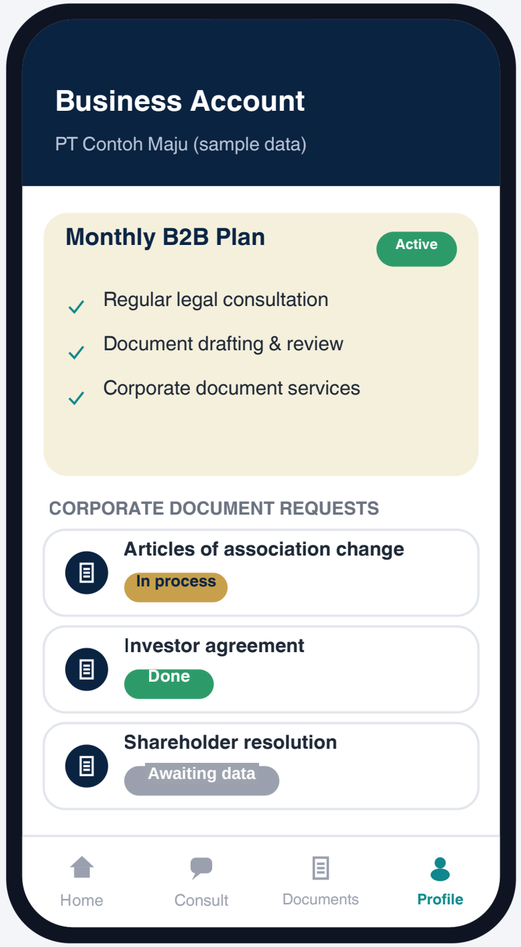

Guides & Checklists

Step-by-step guides, checklists, and follow-up reminders keep users on track.

Payment

Secure checkout via bank transfer, e-wallet, QRIS, or card.

Business Services (B2B)

7 Business Account Dashboard

Startup founders

PT setup, founders' agreements, and initial legal documents.

SMEs & growing businesses

Cooperation agreements, employment contracts, and regular legal advice.

Investors & shareholders

Investor agreements and well-organized shareholder documents.

B2B revenue model

Monthly B2B subscription (from Rp 1.500.000/month) + corporate document service

Prototype Notes

Prototype scope

- Conceptual views (wireframes) for 7 main screens.
- Notary names, rates, and template prices are sample data.

Trust & security

- Licensed notaries and PPAT are key partners.
- Conversations and documents are kept confidential.
- Payments via a payment gateway provider.

Suggested next steps

- Test the prototype with startups and SMEs.
- Validate flow and rates with partner notaries.
- Prepare educational content and initial templates.
